

***The SECME Summer Institute Experience Registration and Tuition Options and SECME STEM Workforce Pipeline Diversity Summit Registration Link...***

**The Annual SECME Summer Institute** is designed for classroom teachers and building- and district-level leadership. The week-plus Institute Experience brings together education partners for learning, collaboration, and dialog among STEM educators and educational leadership. Participants have a wide range of interest-specific elective SECME Module options and earn professional development credits. Who should attend?

- Elementary, middle, and high school teachers (modules will focus on STEM learning and teaching strategies)
- Building-level leadership (principals, assistant principals, curriculum coordinators)
- District-level leadership (STEM curriculum specialists and coordinators)

**Institute Experience Registration Options** are designed to meet a variety of attendee needs:

- \$3,000 Travel Included Experience: includes travel, lodging, meals, and all Institute Events
- \$2,500 Institute Experience: includes lodging, meals, and all Institute Events
- \$1,800 Commuter Experience (Clemson area educators only): includes meals and all Institute Events
